

# Check out Mobile Checkout

Process payments directly with PetPoint. All you need is Bluefin Payment Systems. Bluefin, a partner of PetPoint, helps your organization reduce cost and improve efficiencies through the direct integration with PetPoint. Mobile checkout allows for quick and easy adoption processing and can be leveraged to help your organization practice physical distancing.

## How can Mobile Checkout improve your organization's efficiencies?

- Collect credit card payments as part of your checkout process, at any time, from anywhere
- Eliminate the need for multiple phone lines for credit card terminals
- Reduce machine rentals/payments
- Provide access through PetPoint's Mobile Checkout to process adoption contracts and payments remotely
- Process recurring donations
- Collect credit card payments at offsite events
- And more!
